How to DECIDE ON A MAJOR

“Know your career, then reverse engineer”

Career

- Pick a career that involves your interests/passions and priorities

Major

- Pick a major that will prepare you for that career

University

- Find colleges/universities that have that major

Narrow it down

- Pick schools (with your major) that have your same values, are in your price range, and meet your academic needs

The importance of **COLLEGE TOURS**

- First-hand experience
- Clarifying expectations

Preparing for **COLLEGE TOURS**

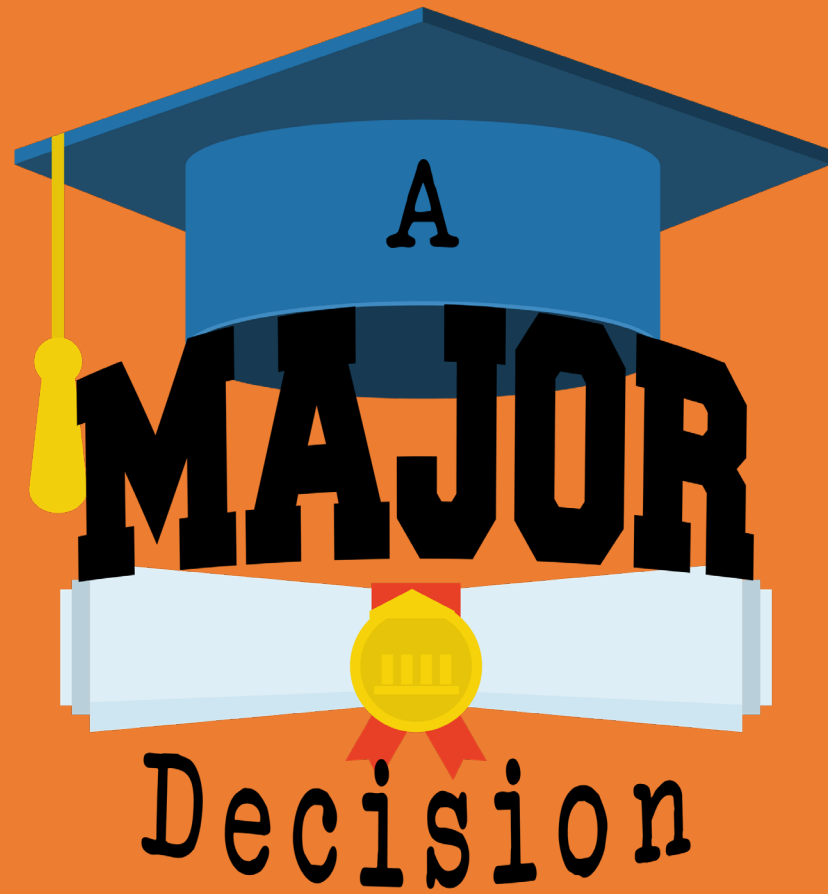

- Contact the Admissions Office in advance
- Prepare a list of questions and a college tour checklist

FINALLY...

- Keep track of dates and deadlines
- When in doubt... contact the college
- Next...
