LifeSmarts

Learn it. Live it.

LifeSmarts, the nation's premier consumer program, has never been more relevant. For 30+ years, LifeSmarts has provided real-world education for students who learn about core consumer topics and develop critical thinking skills. Participants focus on five key topic areas: consumer rights and responsibilities, the environment, health and safety, personal finance, and technology. The goal of LifeSmarts is to create consumer savvy young people who will be well equipped for adult life in today's complex, global marketplace.

This lesson was developed in collaboration with LifeSmarts and 4-H. For more information and LifeSmarts resources, checkout: www.lifesmarts.org
